

Robert Fugère inducted at the new Hall of Fame of the Ottawa Valley Golf Association (OVGA)

Announced earlier this year, the Hall of Fame for the OVGA now has a slate of inaugural members. To establish the program, which also comes as the association marks 100 years of organized golf in the region, the first class of the hall, which will recognize players and builders, has been named.

In the Player category, a high standard was set for the initial group – requiring them to all have achieved success at a national level with at least one Canadian Championship title.

“The Hall of Fame Committee had a long list of candidates from which to select the initial class of inductees,” said OVGA President Gerry Bower. “This group truly represents 100 years of competitive excellence in this region with 20 national titles amongst them”.

The Rivermead is very proud to announce that Robert Fugère, a member of 42 years, is part of the inductees. We congratulate Robert on this well-deserved recognition for his remarkable achievements at the local, provincial, national and international levels. Mr. Robert Fugère is without a doubt the most accomplished athlete and golfer at Rivermead Golf Club.

In light of this recent recognition, the Board of Directors decided to rename the Men's Senior Club Championship trophy in his honour.
